

Tomahawk Presbyterian Church, located on Presbyterian Church Road, Hedgesville WV, invites proposals from qualified contractors to upgrade the Narthex (vestibule) of the church, construct an improved front entryway, and make related repairs.

The Narthex is approximately 10 X 15 feet. The work involves applying new floor covering; finishing the existing interior walls with drywall; installing lighting, heat, and an electric outlet; replacing the existing plywood ceiling with flat drywall or with a cathedral ceiling if feasible; and replacing the exterior door. A new front entrance will be added with front steps and new sidewalks on both sides of the sanctuary. Related repairs include stopping water intrusion due to a roof leak and/or broken bell tower louvers, repairing the rope used to ring the church bell, repairing two other doors, and repainting existing interior and exterior wood surfaces.

A detailed Request For Proposal is available from the Church's website at www.tpcusa.org and a site visit may be arranged by contacting Roland Gonano at rolandgonano@msn.com or (304) 582 0383. Proposals must be received by March 16, 2018.

Proposals can be emailed to tpcusawv@gmail.com or mailed to TPC, P.O. Box 2204, Hedgesville, WV 25427
